All In Your Head Story

Growing up can be a rollercoaster of emotions, and there is no exception for Riley, an 11-year-old girl who has had a quiet life in the Midwest. When she moves to the evergrowing, fast-paced city life of San Francisco adjusting is the least of everyone's worries. Riley is guided by her emotions - Joy, Fear, Anger, Disgust, and Sadness that help create core memories. Living in Headquarters, inside Riley's mind, they try to help her through any obstacle thrown her way. As Riley and her emotions try to adjust to this new life, chaos ensues in Headquarters that changes Riley's outlook. Will Riley's Emotions be able to help her out of this funk? Sit back and relax because its going to be a bumpy ride!

Special Thanks To:

The fantastic Invictus Teaching team for going above and beyond for our families. All of our dancers for their hard work, dedication, and amazing artistry. All of our parents, grandparents, aunts, uncles, and other caretakers for the countless hours driving to and from the studio, their encouragement and guidance of our dancers, and everything they do! All of our volunteers for their commitment and service. The biggest thanks to my family; My mom, dad, and sisters! Without them, the courage and confidence to open Invictus Dance Project would not be there. They are my biggest supporters & I hope they enjoy the show!
